

S E N T I N E L TM S C D

S E N T I N E L S C D

The Sentinel™ SCD (Sentinel Control Device) was designed for the customer who deals in high volume cash and puts a premium on the security of their notes. The two high capacity note validators are controlled through a PIN based touchscreen interface that accounts for every cash deposit made. Reports provide a comprehensive summary of system activity, making it easier for clerks to close out their shift, managers to run end-of-day reports and couriers to get in and out of the location quicker.

With the addition of the Sentinel SCD Sidecar customers enjoy even higher capacity note validation and storage with either 3 or 4 total note validators. Doubling storage capacity gives you a unique capability to delay the frequency of bank deposits and double the input speed.

The Sentinel family of Cash Management Systems is designed with flexibility and efficiency in mind. The Sentinel installs as a node on your existing network, and its proprietary Windows based software provides secure, 2-way communication between the Sentinel, POS and back office reporting system. The networked Sentinel system allows users to view and download transactional data or reports, remotely install currency updates, download software enhancements and transfer status indicators or data logs. Tidel's software also provides the unique ability to electronically "command and control" the operation of the Sentinel through the POS terminal, providing full accountability and effectively closing the cash management loop.

SPECIFICATIONS:

SCD Single Note Validator:

Weight: 270 lbs. (123 kg)
Height: 30.75" (781 mm)
Width: 11.25" (286 mm)
Depth: 19" (483 mm) vault only
24" (610 mm) overall

SCD Dual Note Validators:

Weight: 350 lbs. (159 kg)
Height: 30.75" (781 mm)
Width: 14.5" (368 mm)
Depth: 19" (483 mm) vault only
24" (610 mm) overall

Power Requirements:
120 VAC 60Hz or 220 VAC 50Hz

HARDWARE FEATURES:

- 2 Separate Time-Delayed Vaults for Note Validator Cassette and Auxiliary Storage Security
- 1 or 2 Note Validators with High Capacity Cassettes
- Note Validators can be Single Note or Bulk Note Feed
- Personal Identification Number (PIN) and Data Key System Allows Managed Access to Functions and Reports
- Optional Courier Data Key that Allows Instant Access to Vaults
- Anti-Fish Drop Chute/Drawer
- Multiple SCDs may be Networked Together at a Location to Provide Consolidated Cash Management Reports
- RoHS Lead-Free Compliant
- Integrated Thermal Printer

SOFTWARE FEATURES:

- Can be Connected to Ethernet Network for Interface to POS, Back Office PC or Remote Locations
- All Transactions, Deposits, Drops and Vault Access can be Tracked Back to an Individual User Through the Use of PINs
- Managers Can Easily Add, Modify and Delete Clerk Access Through the Touchscreen Interface
- Advanced Accounting Features That Allow for a Variety of Reports Including Note Insertions, Courier Pickups, Transactions, Shift Reports and Daily Summaries
- Storage for up to 48,000 Financial and Security-Related Transactions to Better Facilitate Auditing
- Easily Upgraded Via a Network Download to Facilitate a Global Software Upgrade for the Application or for Reading New Currency When Released by Local Governments
- Report Information can be Downloaded Remotely and Setup Information can be Managed Remotely Via Network Connection
- Report Writer Script Engine for Creating Custom Reports

WARRANTY:

- 1 Year Parts and 90 Days Labor (Inside the US)
- 1 Year Parts Only (Outside the US)
