

B - R A T E D S A F E S

From the leader in Cash Management Solutions comes a new line of products for the business that requires basic cash security. Introducing the B-Rated line of depository safes from Tidel.

Security features such as UL Rated locks, 1/2" plate steel door, auto latching bolts and anti-tamper/fish features make this product stand up to Tidel's long history of secure and convenient cash protection.

Optional components allow merchants to add digital locking security and drop partitions for better management of deposits on a per-shift basis. Contact us today to learn how the new line of B-Rated Safes from Tidel can work for you.
