

# REVOLUTION

Tidel's newest cash management solution, the Revolution®, is the first complete (notes and coins) cash automation and recycling system built specifically for the large volume retailer. The Revolution improves upon today's manual cash processes, which include:

- 1) Till management (beginning of shift and end of shift drawer preparation)
- 2) POS balancing to the back room
- 3) Deposit preparation

Cashiers can start their shift by creating their own till, or end their shift by checking their own till in. This automation of a manual process creates operational efficiencies that result in reduced Full Time Equivalent (FTE) hours in the store. Balancing with the POS is made easier with the Revolution, resulting in reduced cash variation and shortages due to by-register and by-cashier accountability. And finally, by more effectively managing the daily deposit, retailers save time and reduce the change fund required (because so much cash is now being recycled). Tidel has truly "Revolutionized" the cash room.

The Revolution saves time and reduces error by completely automating the cash management process so the retailer can focus on growing revenue and not on counting cash.

## SPECIFICATIONS:

**Weight:** 2050 lbs. (930 kg) Standard Security Note Vault  
2450 lbs. (1110 kg) High Security Note Vault  
**Height:** 45.96" (1167 mm) Top of Coin Platform  
64.26" (1632 mm) overall  
**Width:** 54.50" (1384 mm)  
**Depth:** 39.10" (993 mm)

Unit must be secured to a level floor.

## FEATURES:

- 15" Touchscreen User Interface
- System Network Ready
- Intuitive, Easy to Operate User Interface
- Full Complement of Reports
- Biometric Palm Scanner
- Drop Vault

## ADVANTAGES:

- Cashiers Obtain Their Own Starting Till
- Cashiers Perform Drops and Loans on Their Own
- Cashiers Close Out Their Shift with Both Coins and Notes
- Coins are Dispensed Directly into the Till
- Coins are Dispensed at a Rate of Eight Coins per Second and can Dispense up to Eight Different Denominations Simultaneously
- Coins are Counted at a Rate of 3000 Coins per Minute
- Notes are Dispensed at a Rate of Seven Notes per Second

## COIN CAPACITIES: (approximate)

- One Dollar - 2000 coins
- Quarters - 4400 coins
- Dimes - 7600 coins
- Nickels - 4500 coins
- Pennies - 8700 coins

## NOTE CAPACITIES: (approximate)

- 4 Cassettes 3000 - 3500 Notes per Cassette
