Tidel S3
Smart Safes

Tidel S3

The Tidel S3 smart safe is designed for organizations needing a secure, reliable, and auditable solution to deposit their cash throughout the day. Offering a single or bulk note validator, support for a 1,200 or 2,250 note cassette, and network connectivity, the Tidel S3 is an ideal solution for customers requiring a proven solution to automate their cash handling processes.

Efficient, Simplified Design
- All cash management components in one integrated system
- Easy to use, quick to deploy

Outstanding User Experience
- 7-inch color console enables simple menu navigation
- Integrated printer with see-through screen

Best in Class Serviceability
- Removable validator head enables the clearing of note jams without the need for a service call
- CPU board and power supply located under console – greatly reducing service call costs

Network Connectivity
- Easily connects to a store's network – via Ethernet or cellular modem – enabling full visibility to all system transactions from a remote location

Note Capacity and Scalability
- Supports one note validator – single or bulk note feed
- Supports one standard (1,200 note) or XL (2,250 note) cassette

Hardware Features
- 7" color console screen
- Power supply and main CPU board accessible via the console
- One note validator – single or bulk note feed
- Support for one standard (1,200 note) or XL (2,250 note) cassette
- Optional Single Coin Acceptor Module
- Optional separate storage vault for manual drops
- Removable note validator head
- Personal Identification Number (PIN) and/or iButton allows managed access to functions, reports, and instant access
- Integrated thermal printer
- RoHS Compliant/CE, UL Certified

Software Features
- Includes a complete cash management application
- All activity auditable to an individual user through the use of PINs
- Can be connected to Ethernet or Cellular network for interface to POS, back office PC, or remote locations
- Advanced accounting features allow for extensive list of reports
- Supports network downloads for software upgrades or for new currency releases
- Customized reports can be downloaded from a remote location
- Storage for 48,000 financial and security transactions to better facilitate auditing

Warranty
- 1 year parts and 90 days labor (inside the US)
- 1 year parts only (outside the US)

Power Requirements
- 120 VAC 60Hz or 220 VAC 50Hz
