

SERIES 4E

MEDIUM COIN RECYCLER

The Tidel Medium Coin Recycler offers high speed automated coin recycling for transaction-heavy cash businesses.

Capable of processing up to 500 coins per minute while supporting 4 coin denominations, the Medium Coin Recycler offers the performance required to automate a high volume, transaction-heavy cash room environment, while enabling greater accuracy and accountability for all cash transactions.

The combined solution of a Tidel Series 4e and Medium Coin Recycler provides retailers with a turnkey note deposit and coin recycling solution that offers the performance needed to automate cash transactions at scale. Completely network capable, the Medium Coin Recycler is controlled and managed by the Series 4e software interface, which offers a convenient way for store personnel to conduct their cash transactions from one, easy to use console.
