

Tidel D3

The Tidel D3 smart safe provides retail organizations a secure and effective way to automate their cash deposits throughout the day. Designed to be optimally placed under the counter at point of sale, the Tidel D3 automates the depositing and recording of cash, while enabling an environment based on greater accountability, transparency, and security.

TIDEL
A SESAMI COMPANY

Tidel D3

The Tidel D3 smart safe is designed for organizations needing a secure, reliable, and auditable solution to deposit their cash throughout the day. Offering a single or bulk note validator, support for a 1,200 or 2,250 note cassette, and network connectivity, the Tidel D3 is an ideal solution for customers requiring a proven solution to automate their cash handling processes.

Efficient, Simplified Design

- ▶ All cash management components in one integrated system
- ▶ Easy to use, quick to deploy

Outstanding User Experience

- ▶ 7-inch color console enables simple menu navigation
- ▶ Integrated printer with see-through screen

Best in Class Serviceability

- ▶ Removable validator head enables the clearing of note jams without the need for a service call
- ▶ CPU board and power supply located under console – greatly reducing service call costs

Network Connectivity

- ▶ Easily connects to a store's network – via Ethernet or cellular modem – enabling full visibility to all system transactions from a remote location

Note Capacity and Scalability

- ▶ Supports one note validator – single or bulk note feed
- ▶ Supports one standard (1,200 note) or XL (2,250 note) cassette

Since our founding in 1978, Tidel has been at the forefront of new product innovations that have greatly improved how retail institutions manage their cash operations.

The Tidel D3 is a strong testament to our heritage. Since its introduction in 2014, the Tidel D3 has helped numerous organizations reach new levels of automation, efficiency, transparency, and security in how they handle their cash. The impact a Tidel D3 can have on an organization is undeniable, and we are proud to see our customers reap the benefits.
