

Tidel D4e

Bulk Coin and Note Dispenser

The Tidel D4e Bulk Coin and Note Dispenser is designed for retail organizations that have a need to dispense notes and coins in high volume, leveraging one integrated system.

The Bulk Coin and Note Dispenser offers coin and note dispensing in any quantity. Coins are dispensed into individual cups and the note dispenser supports up to 4 note denominations.

The integrated note dispenser enables secure and accountable dispensing of larger volumes of notes for start-of-shift till amounts, cash back on debit cards, check cashing, lottery payout and quick replenishment of till funds. The coin dispensing system can dispense variable amounts of presorted coins at the touch of a button. Each coin and note dispensed is counted and accounted for by individual cashier using the integrated Tidel D4e console.

The Bulk Coin and Note Dispenser supports 6 coin hoppers, with each hopper capable of dispensing up to 8 coins per second. The coins are dispensed into individual cups for easy handling. The note dispenser holds up to 4 cassettes, with each cassette holding up to 500 notes.
